

## PRODUCT INFORMATION

# SSA-B1 Bin Label Accumulation Cabinet

The SSA-B1 is a newly designed bin-style label accumulator that is a perfect companion for our lower speed labeling systems. The simple bin design allows for changing to a fresh roll of labels without production interruption. The design is mechanically straightforward and safe to operate.

## PRODUCT DESCRIPTION & SPECIFICATIONS

### Access Cabinet

Every Sleeve Seal machine is housed in a heavy gauge stainless steel cabinet and includes lockable service doors for ease of maintenance and safety. Access to the front of the cabinet is managed with Allen Bradley safety interlock switches to ensure safety. Operators are able to manage operation and changeovers using a customized HMI and synchronized adjusters.
